Danny Parks came a knockin' and I was already set to go on the trip to Virginia. I got to see the KONY Scion Xb. Thing is sick, they really hooked it up! We took off in that thing and first stop was Bob Evans Diner in New Cumberland,PA. Me and **Danny** would personally like to thank the waitresses at that joint for making our Bob Evans experience a good time! Made some new friends as well, HOLLA LADIES!!! KONY van's next stop was the side of the road...Xb got a wave down by officer "ticket masta sanchez" Danny had a led foot..but hey...who doesnt? Didn't bum us out, we carried on with the mission!

We arrived down in Virginia around 1pm. Got our passes and enjoyed the event. The first day was prelims, the second day they had finals. I was running the Sophisticated Rider Booth and **John Parker** was killing it on the vert ramp, **Jared Souney** was taking pictures for the whole event and Danny was doing a scene report on the event! Everything went great, alot of people walked out with Sophisticated Rider

Magazines and we gained some subscribers!

The heat was outa control, and the vert riders toughed it out all day for two days, mad props to all the riders! We had one man down though..good friend of mine, **Brian Cunningham**. Took a hard impact in practice and has been in the Hospital for the past two nights. We all wish him a fast recovery.

After the Action Sports Tour Event ended today Me and Danny packed up the gear and hit the road back to PA. The Scion was gettin alot of love on the way home, we must have waved and beeped at 1000 cars.
